Hours of Operation

Monday through Friday
Eastern 9:00 AM–6:00 PM
Central 8:00 AM–5:00 PM
Mountain 7:00 AM–4:00 PM
Pacific 6:00 AM–3:00 PM

You are welcome to visit and tour our 185,000 square foot glass and door facility. Please call first, prior to your visit. Weekday hours are listed above. Should you wish to pick up your order, please call to confirm that the order is available for loading prior to your arrival.

Order Forms and Quotation Forms are on-line at www.glasscraft.com under the "CUSTOMER SERVICE" window... then in the "SERVICE CENTER" area.

Transom Frames & Sash - Wood & Composite - Pricing & Information

Transom Ordering Guidelines

Following are guidelines which may be of assistance when ordering transoms (see drawings on pages 2-3):

- Standard, in-stock Transoms are available in either Mahogany or Composite.
- Mahogany transoms incorporate a mahogany sash, into which the glass panel is glazed. Composite transoms do not use a sash, instead the glass is "direct-set" into the transom frame.
- Transoms with decorative leaded glass are available in two different IG metal came color options: 1) Satin Nickel, 2) Black. "IG" means double or triple-thick Insulated Glass. Be sure to specify which type of panel assembly is required.
- Each transom is available in varying widths, depending upon the door or door and sidelite configuration below the transom.
- Mahogany wood transoms with wrought iron grilles installed are available in two sizes: one which fits above a 36" door and two 14" sidelites, and the second which fits above two 36" doors. Composite transoms do not include a wrought iron option.

Composite Transom Frames These frames are manufactured using a "WPC" or wood-plastic-composite. This results in a no-rot, insect proof transom frame that is very strong. Can be painted or stained. And can be nailed or screwed. Sash is not available for these frames.....glass must be "direct set" into the frame. Transoms do not include casing or brick mold. Casing and brick mold sold separately.

Rectangular Transom

Composite Rectangular Transom Frame

4½" Frame #	6½" Frame #	Frame Size	Description
TR6312CM	TR63122CM	63" Wide X 12" High	For Single 3' 0" Door with Two 12" Sidelites

EJ7420CM-SDL	EJ74202CM-SDL	74" Wide X 20¾" High	For Double 3' 0" Doors (No Sidelites)

Half Round Transom

Composite Half Round Transom Frames

4½" Frame #	6½" Frame #	Frame Size	Description
HJ6432CM	HJ64322CM	64½" Wide X 33 High	For Single 3' 0" Door with Two 12" Sidelites
HJ6834CM	HJ68342CM	68½" Wide X 35" High	For Single 3' 0" Door with Two 14" Sidelites
HJ7437CM	HJ74372CM	74" Wide X 37¾" High	For Double 3' 0" Doors (No Sidelites)

Composite Half Round SDL Transom Frames

4½" Frame #	6½" Frame #	Frame Size	Description
HJ6432CM-SDL	HJ64322CM-SDL	64½" Wide X 33 High	For Single 3' 0" Door with Two 12" Sidelites
HJ6834CM-SDL	HJ68342CM-SDL	68½" Wide X 35" High	For Single 3' 0" Door with Two 14" Sidelites
HJ7437CM-SDL	HJ74372CM-SDL	74" Wide X 37¾" High	For Double 3' 0" Doors (No Sidelites)

Transom Frames & Sash - Wood & Composite - Pricing & Information

Listed below is our selection of transom sashes and frames with the list pricing on pages 4-6. Our standard transom frames are for 4⁵/₈" and 6⁵/₈" applications.

To incorporate an elliptical or half round transom into an entryway, you need to order 1 transom frame & 1 sash-set glass unit.

Our wood transoms are available in 3 profiles — rectangular, elliptical, and large half round. Composite transoms are available in three profiles—rectangular, elliptical and large half round. Each of these transom profiles are available in different widths, depending upon the entry configuration. Wood rectangular transom frames are not offered separately —only rectangular sash — as the glass is glazed into the sash and not the frame for wood transoms. Composite rectangular transom frames are offered, as the glass panel is glazed directly into the frame. Brick mold, sub-casing, and interior casing are sold separately.

Rectangular Transom

Mahogany Rectangular Transom Sash

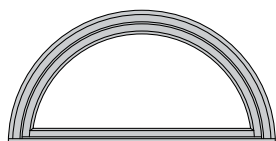

Sash #	Sash Size	Description
TR6712KP	67" Wide X 12" High	For Single 3' 0" Door with Two 14" Sidelites
